Sub: E. C for proposed Group Housing "Lords City Homes" at khasra no. 9,12,13,14,18,19,65 Village Mannaka, The. Alwar, Rajasthan

Sir,

This has reference to your application dated 28.11.2013 seeking environmental clearance for the above project under Environment Impact Assessment Notification 2006. The proposal has been appraised as per prescribed procedure in the light of provisions under the Environment Impact Assessment Notification 2006 on the basis of the mandatory documents enclosed with the application viz. the questionnaire, Environment Management Plan and additional clarifications furnished in response to the observation of the State Level Expert Appraisal Committee Rajasthan, in its meeting held on 26, 27.12.14. and 11.03.2014

2. Brief details of the Project:

1.	Category / Item no.(in Schedule):	Cat.8(a).B2			
2.	Location of Project	At khasra no. 9,12,13,14,18,19,65 Village Mannaka, The. Alwar, Rajasthan.			
3.	Project Details	S. No.	Particulars	Permissible	Proposed
		1.	Total plot area	42700.00 Sq. m.	
		2.	Surrendered Area	2345.00 Sq. m.	
		3.	Net Plot Area	41355.00 Sq. m.	
		4.	FAR	1.83 % (75679.65 sq. m.)	1.83% (75433.78 sq. m.)
		5.	Built up area	117996.04 sq. m.	
		6.	Ground Coverage	35% (14474.25 sq. m.)	21.50% (8902.46 sq. m.)
		7.	Landscape area	--	16.50% (6743.92 Sq. m.)
		8.	Parking (open Surface Parking : 46 ECU)	-	16286 Sq. m. (39.4)
		9.	Road area/ Paved area/Driveway & Pathway	---	9,426 Sq. m. (22.8 %)
		Block	2 BHK	3 BHK	LIG
		A	-	40	150
		B	-	680	-
		C	20	60	-
		D	160	-	-
		Total	180	780	150
		Commercial Block		50 Shops	

CSR Activities	S. No.	Activities	Capital Cost 1 st Year	Capital Cost 2 nd Year	Capital Cost 3 rd Year
	1.	Construction and maintenance of toilets for students. In nearest government school.	08.0	4.0	4.0
	2.	Scholarships to meritorious girl students of the study area Sponsorships for higher education in the study area	35.0	11.0	11.0
	3.	Health Camps for study area residents: • Eye testing camp • Malnutrition Health check-up camp • Blood donation camps • General Health check up plans	32.0	12.0	12.0
	4.	Water, sanitation and hygiene programme in nearby villages	21.0	5.0	5.0
	Total		96	32	32
10	STP	STP of capacity 500 KLD based on FAB (Fluidized Aerobic Bioreactor technology)			
11	Green Belt/ Plantation	Landscape area 6743.92 sq. m. (16.20%) Total trees proposed to be planted 264.			
12	Budgetary breakup for labour	Rs 10 Lacs			

3. The SEAC Rajasthan after due considerations of the relevant documents submitted by the project proponent and additional clarifications/documents furnished to it have recommended for Environmental Clearance with certain stipulations. The SEIAA Rajasthan after considering the proposal and recommendations of the SEAC Rajasthan hereby accord Environmental Clearance to the project as per the provisions of Environmental Impact Assessment Notification 2006 and its subsequent amendments, subject to strict compliance of the terms and conditions as follows:

PART A: SPECIFIC CONDITIONS

I. CONSTRUCTION PHASE

- Consent to Establish" shall be obtained from RPCB before start of any construction work at the site.
- The PP shall obtain a "No objection certificate for height clearance for the envisaged level from the Airports Authority of India.
- No Mobile tower shall be installed.
- The P.P. shall comply with the guide lines for High Rise Buildings as per Office Memorandum no. 21-270/2008-IA.III dt. 07.02.2012 and amendments made therein.
- As envisaged, the P.P. shall invest at least an amount of Rs. 166lacs as capital cost and 18 as annual recurring cost (before the project is put into use) for implementing various environmental protection measures.
- The PP has proposed an amount of Rs.160 lacs spread over 3 years(96 Lacs for 1st year, 32 Lacs for 2nd year and 32 Lacs for 3rd year)under CSR as above. The expenditure on these activities shall be reflected in the books of account when presented for auditing of accounts. The proposal should contain provision for toilets for girls in nearby schools. The proposal should contain provision for monthly medical camps, distribution of medicines and improvement in educational facilities in the nearby schools. Detailed action plan of CSR activities shall be submitted by the PP to RSPCB at the time of applying for "Consent to Establish".

64 (51)

- vii. Green belt/Landscaping should be developed in 6743.92 sq. m. (16.20%) area, as proposed.
- viii. That the grant of this E.C. is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other instrument in force. The sole and complete responsibility, to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry / unit / project proponent. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.
- ix. For conservation of electricity and to reduce energy losses the management shall ensure that the electrical voltage is stepped down from 33 KV to 11 KV and distributed at this level and finally brought to 440 volts.
- x. The PP shall obtain approval of drawings of laying electrical lines from the concerned SE of RRVPNL/ JVVNL and comply with the provisions as per Terms and Conditions for Supply of Electricity-2004 of JVVNL.
- xi. The PP shall full fill the requirements of energy regulatory commission.
- xii. All energy saving measures proposed by the PP should be implemented before the project is put into use.
- xiii. Road width and bend should be adequate for easy movement of fire fighting vehicles.
- xiv. The P.P. shall ensure taking necessary steps on urgent basis to improve the living conditions of the labour at site. The proposed Budgetary provision of Rs 10 Lacs shall be made for the housing of construction labor within the site with all necessary infrastructure and facilities such as health facility, sanitation facility, fuel for cooking, along with safe drinking water, medical camps, and toilets for women, crèche for infants. The housing may be in the form of temporary structures to be removed after the completion of the project. Details of provisions should be submitted to RPCB at the time of obtaining CTE.
- xv. The drains should be of adequate capacity and be lined till the final disposal points.
- xvi. As proposed, the entire waste water during the construction phase should be discharged through the Septic tank followed by soak pit and during post construction phases STP of capacity 500 KLD of aerobic fluidized technology (FAB). The construction of the STP should be carried out simultaneously with that of the project and the STP should be functional before the project is put into use.
- xvii. All required sanitary and hygienic measures shall be in place before starting construction activities. The safe disposal of waste water and solid waste generated during the Construction phase shall be ensured.
- xviii. All the laborers engaged for construction shall be screened for health and adequately treated before engaging them to work at the site.
- xix. All the topsoil excavated during the construction shall be stored for use in horticulture/landscape development within the project site.
- xx. Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking necessary precautions for general safety and health aspects of the people, only at approved sites with the approval of competent authority.
- xxi. Soil and ground water samples will be tested to ascertain that there is no threat to the ground water quality by leaching of heavy metals and other toxic contaminants.
- xxii. Construction spoils, including bituminous material and other hazardous materials must not be allowed to contaminate water courses and the dump sites for such material must be secured so that they do not leach into the ground water.
- xxiii. The diesel generator sets to be used during and post construction phase shall be of low-sulphur-diesel type and shall conform to Environment (Protection) Rules for air and noise emission standards.
- xxiv. Vehicle hired for bringing construction material, laborers to the site shall be in good condition and shall conform to applicable air and noise standards and shall be used during non-peak/approved hours.

II OPERATION PHASE

- i An independent expert shall certify the installation of the Sewage Treatment Plant (STP) and a report in this regard shall be submitted to the RPCB, before the project is commissioned for operation. Discharge of treated sewage shall conform to the norms & standards of the Rajasthan State Pollution Control Board.
- ii Adequate measures shall be taken to prevent odor from solid waste processing and STP.
- iii Proper system of channelizing excess storm water shall be provided.
- iv Rain Water harvesting (RWH) for roof top run-off and surface run-off, as planned shall be implemented. Before recharging the surface run off, pre-treatment must be done to remove suspended matter, oil and grease. The Rain Water Harvesting plan shall be as per GoI manual.
- v The proposals on the energy conservation measures confirming to energy conservation norms finalized by Bureau of Energy Efficiency shall be implemented.
- vi The power factor shall be maintained near unity.
- vii Application of solar energy shall be incorporated for illumination of common areas, lighting for gardens and street lighting in addition to provision for solar water heating. A hybrid system or fully solar system for a portion of the apartments shall be provided.
- viii Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking shall be fully internalized and no public space shall be utilized.
- ix Regular and periodic mock drills shall be undertaken by the fire department at least once in a year.
- x The D. G. sets to be operated with stack height as per EP Act, 1986 along with acoustic enclosure.
- xi Incremental pollution loads on the ambient air quality noise and water quality shall be periodically monitored after commissioning of the project and report to be submitted to RPCB.
- xii The solid waste generated shall be properly collected & segregated before disposal to the City Municipal Facility. The in-vessel bio-conversion technique may be used for composting the organic waste.
- xiii Any hazardous waste including biomedical waste shall be disposed of as per applicable Rules & norms with necessary approvals of the Rajasthan State Pollution Control Board.
- xiv The green belt design along the periphery of the plot shall achieve attenuation factor conforming to the day and night noise standards prescribed for residential land use. The proposed open space inside the plot shall be suitably landscaped and covered with vegetation of indigenous variety.
- xv Trees and shrubs of local species shall be planted to allow habitat for birds with appropriate distance from the boundary.
- xvi The SEIAA, Rajasthan reserve the right to add new conditions, modify/ annual any condition and/or to revoke the clearance if implementation of any of the aforesaid condition/other stipulations imposed by competent authorities is not satisfactory. Six monthly compliance status report of the project along with implementation of environmental measures shall be submitted to MoEF, Regional Office, Lucknow, SEIAA, Rajasthan & RPCB, Jaipur.

GENERAL CONDITIONS

1. The environmental safeguards contained in Form I-A shall be implemented in letter and spirit.
2. Six monthly monitoring reports shall be submitted to Rajasthan and Rajasthan State Pollution Control Board.
3. Officials of the RPCB, who would be monitoring the implementation of environmental safeguards, shall be given full cooperation facilities and documents/data by the PP during their inspection. A complete set of all the documents submitted to SEIAA, Rajasthan shall be forwarded to the DoE, Rajasthan and Rajasthan State Pollution Control Board.
4. In case of any change(s) in the scope of the project, the PP requires a fresh appraisal by SEIAA/SEAC, Rajasthan.
5. The SEIAA/SEAC, Rajasthan reserve the right to add additional safeguard measures subsequently, if found necessary and take action including revoking of the clearance.

- (63)
(58)
- clearance under the provisions of the Environment (Protection) Act-1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.
6. All the other statutory clearances such as the approvals for storage of diesel from the Chief Controller of Explosives, Fire department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (protection) Act, 1972 etc. shall be obtained, as may be applicable, by PP from the competent authority.
 7. The PP shall ensure advertising in at least two local news papers widely circulated in the region, one of which shall be in vernacular language that, the project has been accorded environmental clearance and copies of the clearance letters are available with SEIAA, Rajasthan and the Rajasthan State Pollution Control Board and may also be seen on the website of the Board at www.rpcb.nic.in. The advertisement shall be made within 7(seven) days from the date of issue of the environmental clearance and a copy shall also be forwarded to the SEIAA, Rajasthan and Regional Office, Jaipur(S) of the Board.
 8. These stipulations would also be enforced amongst the others under the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification 2006.
 9. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the proponent, if it was found that construction of the project has been started without obtaining environmental clearance.
 10. Environment clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs. Union of India in Writ Petition(Civil) No. 460 of the year 2004 as may be applicable to this project.

Yours faithfully,

30/4/2014
