Subject: Water pipe line connection for a new colony.

Sir,

JDA has approved layout out plan for my 3 bigha land in Khasra Number 75, Bhadwasiya, Jodhpur. This plan is named Shri Vinayak Nagar-II colony. The layout plan has 20 plots.

As a part of Internal development for the above layout plan, I have done laying of main water supply line to supply water to above 20 plots. This main supply line has been laid up to the main supply line of the adjacent colony — Shri Vinayak Nagar.

I request you to arrange to join the main supply water line of Shri Vinayak Nagar - II to the main supply water line of existing Shri Vinayak Nagar.

Water supply connections to individual plots in Shri Vinayak Nagar — II will be applied by the individual plot owner as when the plots are sold after getting their Pattas from JDA.

Thanking you,

Yours faithfully
