Sir,

In reference to the application number mentioned above for the registration of the project named SWARAJ B-BLOCK being developed by me, it is humbly submitted that in this project type it is not required to obtain the NOC for Environment therefore the same is not applicable and not obtained.

Also under the township policy as applicable on my project type, it is not required to make Rain Water Harvesting provision and Fire Fighting Provision therefore the drawings and layout plans related to the Fire Fighting and Rain Water Harvesting/Recharging Provisions are not prepared and not available. If later on it becomes mandatory, the said drawings and plans will be prepared and submitted.

You are requested to kindly accept my application for the registration of the project.

Yours faithfully,
