To,

Real Estate Regulatory Authority,

Rajasthan, Jaipur

Ref: - Application No:

Sir,

In our application referred, above for registration of the project named "NEELKANTH RESIDENCY BLOCK -D" being developed by us. It is humbly submitted that the drawings and layout plans related to the Electrification (Transformer/solar energy etc.) within the project area, Sanitation System (Storm water drainage, Sewerage, STP, Solid water disposal etc.) within the project area and Water Supply System within the project are still under development and will be submitted as and when they get completed and get available to us.

Also under the township policy as applicable on our project type, it is not required to make Rain water harvesting provision and Fire Fighting provision therefore the drawings and layout plans related to the Fire Fighting and Rain Water Harvesting/Recharging provisions are not prepared and not available .

Also is not require to obtain the Water Supply Permission as of now and therefore the same is not obtained, If later on the need of same arises then we will obtain and submit the same.

Further it is humbly submitted that in this project type it is not required to obtain the NOC for Environment, NOC for Fire and NOC from Airport Authority of India therefore the same is not applicable and not obtained.

You are requested to kindly accept our application for the registration of the project

Yours faithfully,

For SN Associates
